

Power Standards Lab Split-core High Accuracy Current Sensors

PQube Plug-in Modules and Accessories

Common features:

- Easily clamp around existing conductors.
- Output 333mV at rated current.
- Fundamental frequency: 50Hz to 400Hz.
- Crest factor (peak measurement): 3.5 times nominal CT rating.
- Leads: 8ft (2.4m), 18 AWG twisted pair, 600V rating, white Positive (+).
- For use with XCT5-0.333V-00 and CTE1-10T-0.333V-00 Current Transformer Interface Modules.
- UL Recognized.
